GLOBAL VISION QUEST

Welcome to your Global Vision Quest experience!

Throughout history, people have gone on Vision Quests at pivotal points in their lives to access higher vision to guide them forward.

We are in such a monumental time in human history/herstory. The past is no longer the guide for the future.

We need access to higher vision that can activate our ascension in the story of our human evolution.

You have a unique role to play in the creation of the nü paradigm.

It's time to tap into your soul's vision and receive a map for the next chapter of your thriving life and the well-being of the planet.

Without VISION there is no direction.

With VISION you have purpose.

It's time to connect with your 2020 VISION!

Global Vision Quest Itinerary

The Global Vision Quest includes 2 guided visualizations. Each visualization will connect you with your soul's higher vision and offer guidance for your thriving life and the unique role you play in the creation of the nü paradigm.

MAKING DREAMS REALITY

Create Sacred Space

A Vision Quest is sacred. It is a time to connect and commune with your soul to receive higher vision for your life. To honor the sacredness of this experience, create sacred space for yourself.

Creating sacred space includes blocking off the time for your guided visualizations to make sure there are no distractions tugging at you. Creating sacred space also includes deciding where you want to do your Vision Quest. Maybe you want to set up some comfy cushions to sit on for your guided visualizations, light a candle, or place a special crystal on your altar to symbolize this experience.

What can you do to create sacred space for your Global Vision Quest experience?

Why do you want to do this Global Vision Quest?

Where in your life are you seeking guidance, clear direction, and VISION?!

What do you hope to receive from your Global Vision Quest experience?
